

MATH WITH PAPER: PAPER WIZARD!

Level Up!

Use multiple holes to create a pattern.

TALK ABOUT SHAPES

Ask your child to connect the dots and **name** the shape they made!

1

'The Folder'
folds the paper in
half

2

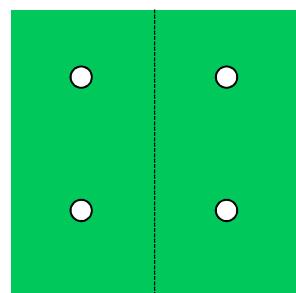

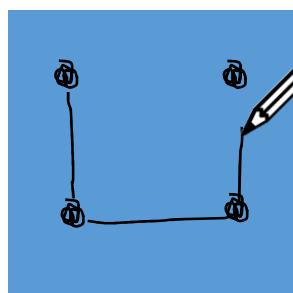

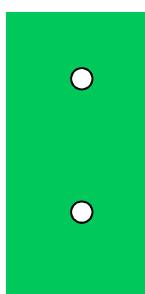

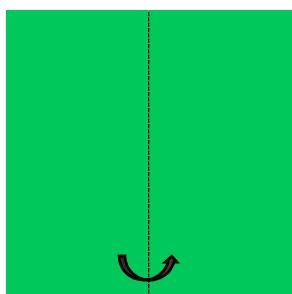

'The Folder'
punches the holes

3

The Wizard predicts
where the holes will be
and draws them on their
own paper

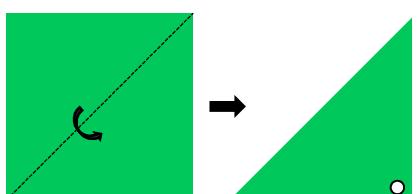

4

The 'Folder'
unfolds their
paper to compare
answers

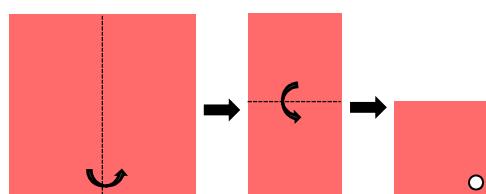

Expert Level!

Fold the paper diagonally or fold it twice!

TALK ABOUT SYMMETRY

Discuss how **FOLDING** the paper in **HALF** makes one side exactly the **SAME** as the other side.

Math Vocabulary:

Diagonal • Corner • Side •
Horizontal • Vertical • Symmetrical
• Same • Half • Quarter • Edge •
Fold
